Thanks to all of you who are participating in the Washington State Parks Centennial GeoTour! The GeoTour is very popular. People have been visiting parks new to them, discovering new beauty and history. One of our goals is inviting you outdoors to explore, with a treasure sure to be found; a golden sunset, wildlife watching and hikes in natural areas.

We minted 180 silver coins and there are 33 available to those visiting 50 parks and stamping their passport.
